## Lago di garda and the area

Lake Garda has the waves and sprays, beaches and secret coves, perfume and colours of the sea. But it is mainly its size that gives the idea of infinity. Garda is the main Italian lake and one of the most important water reserves in Europe. With its long neck that ends between the rocks of the shores it is wedged between the mountains, while southwards it extends in the Plain, between the hills and the gulfs of Peschiera and Desenzano.

Other than a wonderful place to go swimming in the summer, it provides every possible water sports under the sun all year long.  
many famous Golf resorts.

The best way to experience it is to drive along the shores from town to town.

Riva del Garda, Torbole, Malcesine, Brenzone, Torri del Benaco, Affi, Costermano, Garda, Bardolino, Lazise, Peschiera, Sirmione, Desenzano, Manerba, Salò, Gardone, Toscolano, Maderno, Gargnano, Tignale, Tremosine, Limone, Ledro, Dro, Nago.

each town has its own charming points, some of the most famous are:  
Sirmione, Desenzano Bardolino and Lazise.

Although we personally prefer the smaller villages on the narrower part of the lake (from Garda, heading north).

...Having said that, we feel we should warn you that you won't be the only one there...

### What to do with the kids:

Don't be ridicules, the whole lake area is one huge paradise for kids, the problem will be to drag them away.

Obviously they're a good excuse to go check out:

- **GARDALAND,**
- **Parco Acquatico Waterland,**
- **Caneva World -Movie Studios**
- **Parco Natura Viva**

Between Bussolengo e Pastrengo. less than 10 km from Lazise ( It's well signed) .  
Safari, Zoo, Dinosaur park....

- In the winter, (but also all year round), especially on a clear day, we recommend taking the cable car and ski lifts at Malcesine to Mount Baldo.
- Thermal park Garda - The Thermal Park is open every day, all year round (even in winter).
